As you recall from previous conversations, the ESPSG has taken on the responsibility of providing oversight and coordination of the CLA technical & regulatory policy efforts in the environmental / ecological space. Some ESPSG members will be attending in person, while others will be joining the meeting via teleconference.

As requested, the attached document includes some questions that we would like to discuss with you and any EFED staff that will be accompanying you to the meeting. Please let us know if there are any clarifications needed on the questions for discussion or if there are any changes to the meeting agenda that you would like to propose.
