Hi All,

I did not realize that I need your feedback ASAP. Sorry for a very short notice.

Thanks

Mo

I would like to share my ideas for a CSO Template, which will be mainly designed for Small CSO Communities to estimate the status of their CSO control effort. It will be a similar kind of template like LTCP-EZ and/or Green LTCP-EZ. Hope you all will be able to join. I need your feedback please.

Thanks
Mohammed
