## California Water Quality Monitoring Council

Hello Everyone,

This is a reminder to save the date for the 25th Annual California Aquatic Bioassessment (CABW) meeting at UC Davis on October 23 and 24. We are still working on the agenda but as usual, we will have great speakers and the latest topics on aquatic ecology and bioassessment. The attached flyer has information on registering for the event. **Please note that registration does not open until August 20th.**

We also want to announce that the College of Bioassessment Course 3-4 **"Aquatic Invertebrate Laboratory Procedures and Data Analysis"** course dates will be October 2-4 and 16-18 in Rancho Cordova. Go to https://www.waterboards.ca.gov/water_issues/programs/swamp/bioassessment/docs/2018_cob_flyer.pdf

for a description of the course and information on registering. **Preference will be given to those people who have completed the Course 1-2 on field sampling.**

See you soon,

James Harrington

California Department of Fish and Wildlife
**Email:** James.Harrington@wildlife.ca.gov
**Phone:** (916) 358-2862
