Kristen & Ryan,

If you need help on Saturday or Sunday, Sergey Shpits is available. I've copied him on this email and you can reach him at (201) 832-0968.

Ed

Ed,

Sorry, I was en route from Manchester office...

I don't know if you touched base with Ryan, but I think we are OK for tomorrow. We may need personnel this weekend, or early next week.

We will be in touch soon.

Thank you and Len very much for the offer!

Ryan,

I left a message on your voicemail, but it would be good to reply to this email so others see the answers to my questions. We are checking on availability of HDR|HydroQual personnel, as is Len Warner at Louis Berger. Eugenia mentioned an 8 am start time. What would people need to bring with them? It would help us to know how long you will want the help - e.g. is it only tomorrow, or are you looking for help into

the weekend?

Ed

Subject: high flow sampling tomorrow

Rob, Bill and Kristen,
Louis Berger and HDR|HydroQual are looking into staff's availability to assist AECOM with the sampling event tomorrow. Kristen, please let Len and Ed know how many days and how many people you need and please coordinate directly with them.
Thanks,
eugenia
