Subject: RE: high flow sampling tomorrow

Ryan,

I left a message on your voicemail, but it would be good to reply to this email so others see the answers to my questions. We are checking on availability of HDR|HydroQual personnel, as is Len Warner at Louis Berger. Eugenia mentioned an 8 am start time. What would people need to bring with them? It would help us to know how long you will want the help - e.g. is it only tomorrow, or are you looking for help into the weekend?

Ed

Subject: high flow sampling tomorrow

Rob, Bill and Kristen,
Louis Berger and HDR|HydroQual are looking into staff's availability to assist AECOM with the sampling event tomorrow. Kristen, please let Len and Ed know how many days and how many people you need and please coordinate directly with them.
Thanks,
eugenia
