Subject: Shellfish Aquaculture Letter to the Corps
When: Thursday, June 04, 2015 12:30 PM-1:00 PM (UTC-08:00) Pacific Time (US & Canada).
Where: David's office

Hi David & Michael;
I am sending this meeting request in response, David, to your request to discuss the letter I drafted for your signature to the Corps on the issue of their removal of Conservation Measure #7 from the PBA for Shellfish Aquaculture Activities. I hoped to do this on Monday, but turns out I have a conflict. Soonest all 3 of us are available (Michael teleworking) is Thurs 6/4/15.

David, I know you had some edits and wished to discuss strategy with us before signing the letter.
I look forward to receiving your edits and making any changes you need to the letter.

Michael, the letter was formatted and proofed by Linda Tyson and routed to Maryann when she was acting for you. She made a few changes and we routed to David. If you would like me to forward the letter as it was provided to David, I would be happy to. Just let me know.

All my best,
Linda
