Let's do the call.

I want to add the topic of homeless populations, sanitation, and water quality to the agenda.

Also, I will give an update on our plans for consolidations of water systems.

Dave—are you free? If so, I think the state would benefit from hearing about last month's meeting with RB4 and the LA River Flow Study.

As for the Water Board, I think the major update would be on the conservation legislation that passed May 31: https://www.waterboards.ca.gov/water_issues/programs/conservation_portal/california_statutes.html

Other topics?

Charlotte,
I will be at an AWWA Governing Board meeting that is scheduled to end at 3. No way to know if it will run short or long. So don't count on me.
