I'm not sure this is it; I'm in Sharepoint under CPG reporting and there are a few zip files with RAS documents (text/tables/figures). Can't seem to locate the exact date nor title match. Not sure who all is in today but we'll find this by Monday meeting time :)

I am following up on the off-site rule comment, but I wanted to give ORC a copy of the original FS RAS Memo so she can put it in context. The only thing I can find in the database is the tables and figures. Can someone point me in the direction of the memo?

Thanks

Diane

Diane:

Attached is a proposed agenda and two documents for the 3/19 teleconference:

* Upper 9-Mile Engineering Assumptions
* Technology Screening RTCs

The CPG would also like to discuss the status of the proposed RAOs and Remedial Alternatives as well as any initial feedback from CSTAG that might be available. Integral, AQ, de maximis and possibly 1 or 2 CPG representatives will be on the call - I will confirm the CPG participants with you in advance of the call.

Please contact me with any questions or comments.

Thanks
