Diane,

I am fine with the edits to address Sarah's comments – I added those remarks to this draft. I'm also attaching the final NRRB/CSTAG comment memo. The CSTAG response should be in a similar format, and it can go from you to Karl, since the CSTAG memo came to you (I think, right?). You can add the intro as we discussed. Feel free to send it to Karl for a quick review before it goes final.

Any questions, please let me know. Thanks!

I incorporated your and ORC's edits. I left a few comments to make sure that you are in agreement with ORC's ideas and since she did not see your edits, I left them in blue in case we run this back by them. I know you wanted to add some stuff based on what Doug said, but I am not sure what.
