James,

You have nothing to worry about! Everyone on our team contributes! We all spent a lot of time (you all, more than me) to develop our message and figure out ways to make sure those important points were effectively communicated. During the meeting, you saw that something we were trying to get across wasn't quite getting there, and you made sure it did. That's perfect!

Michael,

You are quite welcome. Sorry if I jumped in on the conversation with CSTAG a bit too much.

Have a great weekend.

James

I wanted to thank you all for your hard work in getting ready for and delivering our messages at the CSTAG meeting. I understand (I think) how much work you all put into this, and I think we did a terrific job presenting the site, the issues, and the region's concerns. Your understanding of the site and your ideas made this very successful!

Thanks again!
