EPA-R9-2019-002253	Nathalie Eddy	Earthworks	Earthworks has filed 12 complaints with EPA regarding oil and gas sites located on tribal lands in Red Valley, AZ. We filed 3 complaints on October 27, 2018. We initially filed these complaints with NN EPA using their on-line system. In October we received a draft report explaining that NN EPA does not have enforcement jurisdiction over these which are not Major Sources. NN EPA enforcement authority is currently limited to Major Sources. Accordingly, we refiled 3 complaints previously filed with NN EPA in June, 2018, and filed 9 additional complaints on November 12, 2018. Through email exchanges, it seems that the complaints have been sent to EPA Region 8 and the AZ Department of Environmental Quality. Following conversations with both agencies, it does not appear either has jurisdiction. I have attempted to follow up via email, but I am not sure I'm reaching out to the appropriate contact person. I would like to request a report on the status of these pending complaints, and a report from any EPA inspections conducted in response to the complaints.	#########

As we discussed on the phone EPA Region 2 office will respond to the two requests as described below. EPA-R2-2019-002187: This request will focus solely on the CERCLA removal action that took place at the Arkansas Company site from 1/20/1987 to 2/2/1989. The documentation requested are reports, plans, maps, figures, tables and other technical documentation. Correspondence regarding technical work is requested too. The scope will not include any finance, contract, administrative or other non-technical work related documents. We will seek to produce an interim response, as soon as possible, of documents that have already been cleared for public release. The remaining documents will need to go through a privilege review and will be addressed with a follow up future release. Based on this clarification we wish to extend the due date to 10/25/2019.	#########

EPA-R9-2019-002265	Mr. Fernando Villa	Allen Matkins Leck Gamble Mallory & Natsis LLP	Freedom of Information Act (â€œFOIAâ€), which I understand have been pre-screened by personnel at the US EPA Region IX Office (â€œUS EPAâ€). This request supersedes the previous FOIA request submitted June 13, 2018 by Roux Associates (the â€œRoux FOIA Requestâ€) a copy of which is attached. As also discussed, your former colleague, Taly Jolish, told me that the Roux FOIA Request, which sought all of your agencyâ€™s documents pertaining to the above-referenced Superfund site (the â€œWDI Superfund Siteâ€) would have required US EPA to assemble and produce over 8,600 records. See Talyâ€™s attached June 18, 2018 e-mail and the index enclosed with her e-mail that lists these voluminous documents. Taly asked that CenterPoint submit an amended FOIA request that would greatly reduce the number of the requested documents to ease the burden and time it would take for your agencyâ€™s staff to produce the requested records. My client has agreed to do so. As you will see from the index attached to this request, we have substantially pared down the number of requested records from over 8,600 to just 186 documents. I understand that all of these records are in digital form and would be available online once your agency approves this request. Please provide reply to this request at your earliest convenience. Please contact me if you have any questions or would like to discuss this request. Thank you again for your time and assistance. I greatly appreciate this. Fernando Fernando Villa, Esq. EPA-HQ-2019-002073	Mr. Garrett Wesley Austin	Georgia State University	I hope this e-mail finds you well. I'm a PhD candidate at Georgia State University. I've done some research on the health and educational benefits of large-scale diesel retrofits of school buses in Georgia. I'm interested in doing a similar study nationally. I'm very interested in two spreadsheets that appear on the EPA website: https://www.epa.gov/cleandiesel/clean-diesel-rebates-issued-2012-2017 https://www.epa.gov/cleandiesel/clean-diesel-national-grants-awarded The first shows all rebates issued to help school districts retrofit or replace old school buses, and the second shows all grants awarded through the DERA for diesel emissions reductions. The first does not state the amount of the grant or the number of buses retrofittted or replaced, while the latter does not contain all school bus retrofits that the former lists. I was wondering if it might be possible to request the underlying spreadsheets for each of these lists, or perhaps even to request a more complete of all diesel emissions reductions grants awarded by the EPA through the DERA or ARRA or any other program. Ideally, I would like to know how many vehicles (especially school buses) are replaced or retrofitted, the nature of the retrofit or replacement (i.e. replaced with normal buses or propane buses; retrofitted with a DPF, CCF, etc.) , the specific recipient agency of the grants, the dollar quantity of the grant, and any other potentially useful information on these grants that the EPA might keep. For example, the Georgia Environmental Protection Division estimated emissions reductions of nitrogen oxides and particulate matter for each retrofit grant. Thank you in advance for your help in my data request. I'm immensely appreciative of all that the EPA does.	#########

EPA-R4-2019-002047	Susan Harrison		I am submitting a public records request for copies of any and all reports, publications or any documentation of information pertaining to and/or health issues related to contamination caused by the discharge of contaminated waste water by American Creosote Works in the Pensacola area between 1980 and 1997. I have found reference to reports of contaminated water in the area of L and Cypress Streets in Pensacola in March 1980. In July 1981, the USGS installed 9 groundwater wells to monitor the area near American Creosote Works. It was designated as a superfund site in February 1983 and FL DEP assisted in remediation in September-October 1983. I believe the US EPA become involved in remediation,, possibly in January 1984, but I do not yet know how long FL DEP remained involved with the site. I will be happy to purchase copies of any publicly available documents or records you may have on this. Thank you for your assistance.	#########

EPA-R8-2019-001999	Mr. Jubal S Terry	Diversified Resources	Diversified acquired BIYA which is located on the Ute Mnt Ute Res in the Horseshoe Gallup area. Contained within the MDA with the Ute Tribe exists the following language, "The parties further agree that BIYA is not assuming ownership of operation of the Horseshoe Gallup Unit "facility", "facilities", or "regent facilities" as those terms may be utilized by the US Environmental Protection Agency (EPA), in the context of any compliance order or other enforcement proceeding against the previous Operator of the terminated Horseshoe Gallup Unit or the canceled oil and gas leases formerly dedicated thereto. BIYA shall not be bound by, and shall not be required to perform or otherwise assume any responsibility under (1) the EPA Region IX order OPA-9-2002-00006 directed to the former Operator of the Horseshoe-Gallup Unit or its successors, or (2) the EPA Region 8's adoption of the Region IX Order, any related enforcement action that may be subsequently initiated by the EPA, or any other governmental agency having appropriate jurisdiction." BIYA/Diversified made a FOIA request to Region IX and received a copy of the compliance order, however, the order had no information regarding what wells, lats/longs, etc to indicate the locations of the spills. BIYA also requested supporting documentation from Region IX but none could be located. BIYA suspects the spills were actually located on the Ute Mountain Ute Reservation as it is in Region 8's district. Subsequently the compliance order was transferred to Region 8, therefore BIYA is now requesting Region 8 to review their records to offer any of the following information: 1) Locations of the spills, 2) Regent's response to the Compliance order, 3) Sample analysis' obtained during remediation, and 4) any other pertinent information regarding the order and response.	#########

		Dear Regional Freedom of Information Officer: This is a request under the Freedom of Information Act. I hereby request electronic copies of the following records: 1. Post-2013 communications (emails, papers, reports, memos, and letters) between the U.S. Environmental Protection Agency and Lennar Corporation that discuss Tetra Tech, Inc.; TestAmerica Laboratories, Inc.; and/or The Treasure Island and Yerba Buena Island development project in San Francisco. Since this correspondence is most likely to have been conducted via email, I request that the agency first search its emails and electronic files. I would like to receive the information in a digital file format (i.e. PDF or Word). If digital files are not possible to transmit, I would like to receive copies in a paper format. As the FOIA requires, please release all reasonably segregable nonexempt portions of documents. These documents are in the public interest because they contain valuable information about residential development and soil testing on Treasure Island, a former Naval station that is now home to around 2,300 residents. In order to help to determine my status to assess fees, you should know that I am a representative of the news media affiliated with Business Insider (www.businessinsider.com), and this request is made as part of news gathering activity and not for commercial use. If my request is denied in whole or part, please justify all withholdings by reference to specific exemptions and statutes, as applicable. For each withholding, please also explain why your agency â€œreasonably foresees that disclosure would harm an interest protected by an exemptionâ€ or why â€œdisclosure is prohibited by law.â€ If you have any questions regarding this request, please contact me at 949-300-7625 and/or abendix@businessinsider com. I look forward to receiving your response within the 20 day statutory time period.	
EPA-R9-2019-001949	Aria Bendix	Thank you in advance for your assistance.	12/6/2018

My request covers January 3, 2015 through the present. â€¢Records of any meetings between anyone in the Office of the Administrator or Acting Administrator of the Environmental Protection Agency and Congressman Ralph Abraham or any of the following staff members in the Congressmanâ€™s office: Luke Letlow, Edward Verrill, Allen Cambon, Patrick Barron, Kaiser Heinz, Robert Avery, Courtney Alexander, Ann Pierce, Lilia Boies, or Donna Howe. My request covers January 3, 2015 through the present. If this request is denied in whole or in part, I ask that you cite in writing the specific statutory exemption upon which you have relied. I also ask that you provide non-exempt portions of otherwise exempt documents. I am willing to pay up to $50 for your office to fulfill this request. If the cost of fulfilling this request will exceed that amount, I request that you provide me with a written cost estimate by e-mail at [redacted] prior to incurring any costs. My preferred reproduction format is an electronic file e-mailed to me at [redacted]. If this is not possible, I request that you provide access to these records electronically via an FTP site, or mail electronic copies of the records to me on removable media, such as a CD or flash drive. If none of these delivery methods are feasible, I request that you mail paper copies of the records to me at the address provided.

EPA-HQ-2019-001779	William Minervini		The January 2018 issue of the journal â€œWater Environment Researchâ€ has the following article by two engineers at the Urban Watershed Research Facility (UWRF) operated by EPAâ€™s Office of Research and Development (ORD) in the Edison Environmental Center, NJ: A. Selvakumar; T. P. Oâ€™Connor (2018) â€œOrganism Detection in Permeable Pavement Parking Lot Infiltrates at the Edison Environmental Center, New Jersey.â€ Water Environ. Res., 90, 21-29. This is my second FOIA request concerning this article. The ORD's National Risk Management Research Laboratory is the custodian of the requested records. In response to my FOIA Request EPA-HQ-2018-007139 concerning this article, EPA provided (among many other files) a â€œRaw data-Temperature-Rainfall.xlsxâ€ file that includes "Average Temp" data for (among other dates) 7/30/2015, 8/11/2015, 8/21/2015, 9/11/2015, and 9/30/2015. I request daily and hourly air temperature, wind, humidity, and solar radiation data for all days, in the period July 1 through September 21, 2015, inclusive, that are in the data set from part of which the above mentioned "Average Temp" data was derived. (I also request identification of the location(s) where the requested July 1 through September 21, 2015 data were measured.) The requested July 1 through September 21, 2015 data are not in the â€œUWRF Weather Station 07-31-13 to 02-26-16.xlsxâ€ file (which EPA also provided in response to FOIA Request EPA-HQ-2018-007139) â€" a file which included no data for the period April 18 through September 21, 2015, inclusive, with the explanation "Weather station malfunction. Data Gap."	12/3/2018

EPA-R2-2019-001688	Martha Irvine	The Associated Press	Per various FOIA and open records laws, my colleague and I would like to examine the contents of at least 2-3 boxes of documents related to the issue of PCBs in schools that former EPA Region 2 Administrator Judith Enck left in a room off her office at 290 Broadway, New York City, before her departure in January 2017. We would like to come in person to the Region 2 office (or wherever is deemed appropriate) to examine these contents and make copies of those we deem relevant to our reporting. As a representative of the news media, I am only required to pay for the direct cost of duplication after the first 100 pages. But because this information is being sought on behalf of The Associated Press as part of a news story, and for dissemination to the general public, I ask that you waive any applicable fees. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone, rather than by mail, if you have questions regarding this request. I look forward to your reply within 20 business days, as the statute requires. Thank you very much for your time and attention to this matter!	#########

EPA-HQ-2019-001564	Mr. Jake Denison	Self	The Mahindra Roxor (exhaust emissions family KMNCX2.52DM1 per EPA 40 CFR 1051 ATVB-Meeting EPA ATV Definition) is a lightly de-contented and re-styled variant of the left hand drive Mahindra Thar sold as an on-road vehicle in lesser regulated countries. The Â§1051.801 definitions of Offroad utility vehicle and All-terrain vehicle (subpart 2 in particular) do not preclude EPA 40 CFR 1051 certification of vehicles capable of off-road operation, even if the vehicle is certified/eligible for on-road operation in foreign markets. Some foreign jurisdictions allow on-road certification of even conventional sport-recreational vehicles such as the Polaris Ranger. Presumably and appropriately, EPA certified the emissions performance of the Roxor to the product category for which it complies and for which the manufacturer applied. I am interested in certifying other similar foreign market vehicles and therefore request EPA to: 1) Provide any Mahindra generated presentations or other communications which demonstrate distinctions between Thar models and the KMNCX2.52DM1 2) Provide all communications between EPA and Mahindra relating to EPA recognition/acceptance of the KMNCX2 52DM1 as a 40 CFR 1051 certifiable vehicle. 3) Provide all EPA communications related to acceptance of the KMNCX2.52DM1 as a 40 CFR 1051 certifiable vehicle. 4) Provide 40 CFR 1051 certifiable vehicle emissions measurement and service accumulation test procedures and results. 5) Any communications related to EPA mandated changes to the vehicle 6) Provide all non-CBI application support documents As both the Roxor and left hand drive Thar are available for sale to the general public (including publicly available parts and service drawings and manuals. I understand that design aspects are not eligible for CBI treatment pursuant to 40 C.F.R. Part 2, Subpart B. I am not requesting any sales, cost, pricing, dealership/distribution or other commercially sensitive information.	#########

EPA-R6-2019-001521	Mr. William Clark	Foley & Mansfield	Please provide certified copies of all records related to the Marrero (Jefferson Parish) Louisiana Westbank asbestos Superfund clean-up project that took place from 1996 to 1998 (EPA site #: LAD985170711). Specifically, we are seeking a list of the properties (including homes, commercial properties, and public properties) that were abated, as well as copies of letters sent to individuals who had known asbestos scrap on their property (including residents and commercial property owners). We are trying to find if the agency communicated with Brenda Cantrelle, Dalton Cantrelle, Charles Estes Sr, or Ella Bourgeois, or if the agency had communication with the residents at 2836 Britannica Dr., Marrero, LA 70072; 2848 Barataria Blvd., Marrero LA; or Little Flower Lane, Marrero, LA. We are also seeking any records of any community / town hall meetings that were held at any of the 3 Jefferson Parish schools (William Hart Elementary at 2001 Hancock St. Gretna; Ames Elementary School at 500 Pine Street, Marrero; and Westwego Elementary School at 537 Ave. D, Westwego). Date range of records being requested: 1995 to 1999. We are only seeking publically available information. We do not want PBI. We are willing to pay up to $600 in fees. Please let me know if the fees exceed $600. Please provide as much information as you can as soon as possible. If you can only provide a partial response, please prioritize lists of properties/addresses that were abatedâ€”that is the most important information we want. We will accept an index, but we would not consider that a complete response to our request; we still want the actual records. If you already have an index ready to go, weâ€™ll take it and can use it to tell you what records are high priority for us, but donâ€™t spend time making an index that could otherwise be spent producing the records themselves. I would like the access agreements certified as well.Thank you.	#########

This is a request under the Freedom of Information Act.
I would like to request that a copy of the following documents (or documents containing the following information) be provided to me:
1.)Nationwide coverage of data included in the attached (MS and AL .pdf samples attached) but on a nationwide scale of commercial poultry farming.
2.)Data contained in this data set should have, but not limited to, the data points in the attached spreadsheet.

Acceptable format could be any digital file containing the above information with attached field descriptions. If no digital formats are available other formats could be acceptable but please contact me first.

In order to help to determine my status to assess fees, you should know that I am a representative of Mississippi Poultry, a 3 person poultry news and brokerage company. This request is made for data that will be used for news and research purposes, in the promoting of commercial poultry farming in the USA.
We have currently contacted all of the farms in MS and would like to expand and share or knowledge of the poultry business using nationwide metrics, giving our farmers a free and valuable service. Market information will also be made available to the public in the form of news from our company, Mississippi Poultry.

I am willing to pay fees for this request up to a maximum of $500. If you estimate that the fees will exceed this limit, please inform me first.

Thank you for your consideration of this request.

Sincerely,
Greg Gibson

EPA-R10-2019-001364	Mrs. Jean Mendoza		Dear Environmental Protection Agency This is a request under the Freedom of Information Act. 5 U.S.C Â§ 552 et. seq. I am making this request on behalf of the Friends of Toppenish Creek. We hereby request that you provide copies of the following materials: All records, data, studies, reports and communications related to an Exposure Investigation (EI) to assess human exposure to airborne concentrations of ammonia, hydrogen sulfide, and particulate matter in ambient air near animal feeding operations in or near Harrah, Washington that was conducted by the Agency for Toxic Substances and Disease Registry (ATSDR) during 2014 and 2015 The purpose of this request is to be considered broadly and not exclude any other records that have a reasonable relationship to the subject matter of this request unless we have specifically stated the record to be excluded. If you or your office has destroyed or determines to withhold any documents that could be reasonably construed to be responsive to this request, I ask that you indicate this fact and the reasons therefore in your response. Additionally, I request that you waive all copy, clerical and other fees associated with providing information responsive to this request. The FOIA requires the federal government to furnish documents to public interest groups free of charge, or at a reduced rate, â€œif disclosure of the information is in the public interest.â€ 5 U S.C. Â§ 552(a) (4) (A) (iii). The Friends of Toppenish Creek is a 501 C(3) non-profit environmental group located on the Yakama Reservation and organized to protect the air, water and soils as well as the health of the people who live in the Lower Yakima Valley. I thank you in advance for your prompt reply. Please do not hesitate to contact me should you have any questions, concerns or comments regarding this request. You may direct all communications and responses relating to this request directly to me. Sincerely, Jean Mendoza	#########

			EPA FOIA Officer: This is a request under the Freedom of Information Act. I hereby request copies of the following records or all records containing the following information: 1) Price information by Offerors in response to Requests for Quotations issued after January 1, 2015 by the Environmental Protection Agency for patent services including quoted price for specific services and whether the offers were accepted or rejected. As the FOIA requires, please release all reasonably segregable nonexempt portions of documents. A FOIA request for these documents is necessary due to the inability to locate information other than total purchase agreement amounts for patent services. Government contracts are public contracts and therefore the information should be made available. I am willing to pay fees for this request up to a maximum of $50. If you estimate that the fees will exceed this limit, please inform me before processing my request. If any or all of this request is denied, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. If you have any questions regarding this request, please contact me at (971) 271-8020. I look forward to receiving your response within the twenty day statutory time period. EPA-HQ-2019-001238	Mrs. Cara Barber		This is a Freedom of Information Act (FOIA) request for the following records & communications dated January 2004 to November 2018 regarding environmental & health concerns in one or more military or privatized housing community at Marine Corps Base Hawaii (MCBH) and/or Joint Base Pearl Harbor-Hickam (JBPHH): 1. Records & communications including emails, letters, attachments, reports, comments, papers, transcripts, environmental data, meeting agendas & minutes, complaints, notes & related records that pertain to any active, pending or closed law enforcement investigation(s) involving environmental issue(s), hazards and/or violations at either military installation, including potential failures to comply with laws relative to proper & safe identification, characterization, management, storage, transport, disposal and/or monitoring of hazardous waste and/or pesticide-impacted (PI) soils. a. Please know that pursuant to a prior FOIA request to the US Navy & Marine Corps, hundreds of related FOIA records were released in December 2017 in which Exemption 7 was repeatedly used to redact names & certain portions of related communications & records. My understanding is Exemption 7 can only be used to redact information that pertains to a law enforcement investigation. 2. EPA Region 9 communications with representatives of Hawaii Department of Health (HDOH) that discuss or mention a potentially related law enforcement investigation, pesticides, PI soils and/or hazardous waste, including any records attached or enclosed. 3. Records & communications that discuss, mention or are to/from representatives of Ohana Military Communities (OMC), Forest City Enterprises or Realty Trust (Forest City), Hunt Companies (Hunt), Hawaii Military Communities (HMC), NAVFAC, MCICOM, MCBH, JBPHH, NEHC, NMCPHC, Advanced Compliance Solutions, Inc. (ASCI), Dennis Poma, Hickam Communities, Tetra Tech and/or any representatives of their subsidiaries, Parsons or other consultant or lab.	11/7/2018

EPA-R7-2019-001231	James Pray	Brownwinick	Request on behalf of Jason Nicholas, owner of 317 Chestnut, Atlantic, Iowa. Attention: Katherine Gully, Environmental Protection Agency Region 7. This replaces the previous FOIA request which is withdrawn. Pursuant to 5 U.S.C. Â§ 552, we request the following non-privileged communications and documents: reports, assessments, maps, photographs, well location maps, 2-D or 3-D plume maps, boring logs, boring maps, lab reports, cost studies, feasibility studies, and historical reviews, pertaining to 317 and 319 Chestnut St., Atlantic, Iowa 50022 (the â€œSiteâ€ and pertaining to adjacent properties immediately surrounding the Site for which such documents may relate to the Site, including 315 Chestnut St., Atlantic, Iowa 50022. I would prefer to receive the documents described above in digital format. Please make the documents available as soon as possible as they become approved for transfer. The EPA has Please let me know if you require any additional information from me to process my request. I do not agree with any interpretation of 5 USC section 552(b)(9) that sampling locations and lab results are not subject to FOIA under "Exemption 9." Attached is the Justice Department memorandum on the interpretation of that exemption. I do not believe that a boring would constitute a "well" since it cannot by definition be used to produce water resources, commercially or publicly. It is used to sample soil and contaminates in soil. My client owns the property where the soil removal operation will be made, so I do not believe the EPA can withhold that information since the information pertains to my client's property. For properties not owned by my client, borings which are not developed into wells (with casings and screens) do not constitute a well. For groundwater sampling wells not located on my client's property I do not believe that they constitute "wells" or geological data since they are installed for the sole purpose of extracting samples of water for lab testing.	11/7/2018

EPA-R3-2019-001182	Ms. Nova C. Robinson	Food 4 Real 2 Learn	The tool that I have access to is called HealthSpace. http://healthspace.com/Clients/VDH/LFairfax/Web.nsf/module_facilities.xsp?module=Food In order to view any pertinent information I have to continuiously click, I'm requesting to have the contents for Lord Fairfax Health District database sent to me in Microsoft Excel format, so I can easily orgainize the information and reach out to businesses requiring this certification with ease. Currently it's very time consuming to click on each name, when I'm more than sure there is a spreadsheet with the same information available. To convert the database to excel format, I don't have an option to do so I was told I needed to ask you. HOW WILL I USE THIS INFORMATION: I will act as my own telemarketing department reaching out to business owners who need this Food Protection Manager Certification to see if they have already scheduled to take it, and if not, I will offer to schedule them. I'm currently working out of the Lord Fairfax Health District because that's where I live, once finished there I will work in other health districts/counties in Virginia.	11/6/2018
EPA-R6-2019-001155	Mr. Bryan Wade Clevenger	EnSafe	Please provide all records regarding wastes, violations, enforcements, and penalties for TUBAL-CAIN MARINE SERVICES - TXR000079853. Please include any EPA records for the facility (address 8737 Old Yacht Club Road) from 2007 to present. We are specifically looking for records associated with the civil enforcement case described on the attached document: â€œCase Summary -- On January 13, 2017, EPA Region 6 issued a Consent Agreement and Final Order (CAFO) to Tubal-Cain Marine Services to resolve violations of the Resource Conservation and Recovery Act. The violations include failure to conduct a hazardous waste determination, failure to obtain a permit for permit required activities and failure to meet requirements of a universal waste generator. Under the CAFO, Tubal-Cain will be required to pay a penalty of $63,000 and take actions to ensure that the violations do not recur. Tubal-Cain was inspected as part of a ?barge cleaner initiative? series of inspections in 2014.â€Please let us know if there is any CBI information found and we will make that determination. Weâ€™re happy to cover costs on this. Please let us know if you expect more than the $60.	11/5/2018

EPA-R4-2019-001144	Dr. Jonathan Couch		My name is Dr. Jonathan Couch. I am in the process of purchasing some cropland adjacent to an old chrome plating facility. I am highly concerned about contamination of the soil and water from the hazardous chemicals used in the plating process. The business no longer exits now but the name and address is as follows: Brown's Plating Services INC, 1010 Krebs Station Rd. Paducah, KY 42003. The facility has been changed into a refrigerator repair business called I.C.I. Just south of the facility a road has been made and a forest has been cleared. I am concerned that this may have been a dumping area of hazardous waste. However, I do not have any evidence to support that claim. I have attached a map with the facility and the area of that I am concerned about circled. I am writing to request any records that may be associated with this facility and its management of its hazardous materials and whether any soil or water testing was completed.	11/5/2018

EPA-HQ-2019-001107	Nick Bauer	Democratic National Committee	I am writing on behalf of the Democratic National Committee to request the following records in the possession of the Environmental Protection Agency: â€¢All records of any actual funds expended or projected expenditures for renovations (including furnishing, remodeling, redecorating, purchasing furniture, changes to furniture or other objects in office suites or common areas, or making improvements) of any part of the office of the Administrator. The word office includes the entire suite of offices (including foyers, waiting rooms, conference rooms, adjacent hallways, or other common areas) assigned to the Administrator, as well as any other space primarily used by this individual or any other space that is directly controlled by this individual. This request includes â€“ but is not limited to â€“ all itemized expenses, expense reports, invoices, expense records, quotations, purchase orders, purchase card expenses and e-mails (including attachments). â€¢All requests sent to the House Appropriations Committee or the Senate Appropriations Committee seeking approval to renovate, furnish, redecorate or make any of the other aforementioned improvements to any part of the office of the Administrator. This includes both approved and rejected requests. This request covers April 1, 2018 to September 30, 2018. We would appreciate your communicating with us by e-mail at researchinfo@dnc.org rather than by mail or telephone, if you have questions regarding this request. If only portions of a record are exempt from the Freedom of Information Act, we ask that you release the entire document with any necessary redactions. If all or any part of this request is denied or redacted, please cite the specific exemption which you believe justifies your redactions or refusal to release the information and inform us of your agencyâ€™s administrative appeal procedures available to us under the law.	11/2/2018

EPA-R9-2019-001049	Mr. Kristian Corby	Somach Simmons & Dunn	This request seeks all records and documents subject to disclosure under FOIA within the following category: 1. We request the consent decree between the United States and Occidental Petroleum Corporation (Occidental) filed in the United States District Court for the Eastern District of California in case number S-79-989 MLS. The consent decree was filed for violations of the Resource Conservation and Recovery Act and the Clean Water Act due to releases of pollution from Occidental's facility located at 16777 South Howland Road, Lathrop, California 95330. We understand that the consent decree was filed on February 6, 1981. However, we have seen references to a 1982 stipulation and judgment approving settlement with the same case number (S-79-989 MLS). If these documents are different, we request both the consent decree and the stipulation and judgment approving settlement. This request is made on behalf of the City of Lathrop, a municipal government, for non-commercial use. Please provide the requested documents without informing me of the cost if the fees do not exceed $100.00. If the fees will exceed $100.00, please inform me of the fee amount prior to processing my request. Your response is required within 20 working days. If any document is not provided, please describe the document and the FOIA exemption that you believe applies. We believe that either EPA's Region 9 Office or the EPA National Enforcement Investigation Center in Denver, Colorado is likely to have the requested information.	11/1/2018

EPA-HQ-2019-000875	Susanne Rust	The Los Angeles Times	Itâ€™s my understanding that you collect annual reports from every company that exports hazardous waste according to the Resource Conservation and Recovery Act (RCRA). Therefore, Iâ€™m formally requesting all the data in your possess about US imports and exports of hazardous waste for the years 2016 to present. I understand EPA tracks shipments of hazardous waste under the Resource Conservation and Recovery Act (RCRA) through export annual reports submitted by the regulated trade community. Since exporters must file annual reports with EPA on March 1 of each year, summarizing their shipments from the previous calendar year, I imagine you should have data for all the years above listed. In case datasets with processed data are not available, I request copies of the export annual reports for those years that havenâ€™t been reviewed yet. The information I need to be contained in the dataset are: Country of import, Countries of transit, waste code, "Basel code (Annex VIII)," waste type description, amount (metric tonnes), year, final operation, (disposal D or recovery R), sender, receiver, handler. Thank you for your help. Please don't hesitate to call if you have questions. I understand Guia Baggi asked for this same information in 2016 - EPA-HQ-2016-005084. Thank you!	#########

EPA-R6-2019-000641	Mr. Timothy M Bagshaw	Holland & Hart LLP	We are requesting the report, whether in draft or final form or both, on alluvial groundwater background levels at the Grants Homestake Mill Site in Cibola County, NM, that USGS prepared for EPA from the 2016 sampling event at the Grants Homestake Mill Site. There are two reports, each authored by USGS for EPA, on alluvial groundwater conditions in and around the Homestake Grants Uranium Mill site. This week, USGS and EPA released one of the reports, â€œDetermination of Representative Uranium and Selenium Concentrations From Groundwater, 2016, Homestake Mining Company Superfund Site, Milan, New Mexico.â€â€™m attaching this report, so you can see which of the two reports we do not need (because we already have it). The second report, the one we are requesting through this FOIA, also pertains to alluvial groundwater conditions in and around the Homestake Grants Uranium Mill Site, but we do not have many details about it, because EPA hasnâ€™t released many details about it. We know it relates to geochemistry in the area and is authored by Johanna M. Blake. We would like to include CBI and pursue substantiation, to the extent that becomes relevant here.	#########

EPA-HQ-2019-000222	Susanne Rust	The Los Angeles Times	Dear FOIA Officer, Happy Friday! I'm writing to request all correspondence between the American Chemistry Council (anyone with an email ending with @americanchemistry.com) and any EPA official or employee regarding the EPA's Proposed Rule "Strengthening Transparency in Regulatory Science." To enhance your search, please include (but do not limit to) the following search terms: "LNT," "linear no threshold," "hormesis," "low dose," "non-monotonic," "endocrine disrupters," "endocrine disruptors," "radiation," and "cancer." I'm interested in the time period between 1/1/2017 and the date which these documents will be released (post 10/5/2018). Please note I am employed by a newspaper, the Los Angeles Times, as a reporter, and this request is part of a news gathering process and will not be used for commercial purposes. Thank you for your help and have a pleasant weekend. - Susanne Rust	10/5/2018

EPA-HQ-2019-000212	Yihwan Kim	Argive, 501(c)(3)	This is a request under the Freedom of Information Act. I request that the EPA provide the matching Law or Statute for each of the eight (8) Violations (aka `Type Case`) associated with EPA Civil Judicial Action 01-2008-500 - CLEAN HARBORS OF BRAINTREE (`Case`). In Appendix A, I have attached a copy of the `Case Identifiers`, `Violation(s)`, and `Laws Sections` data associated with the Case in the EPA's ICIS-FE&C database (https://echo.epa.gov/tools/data-downloads/icis-fec-download-summary). The Case is associated with six (6) Laws and eight (8) Violations. However, we are not able to match each Violation to a Law with the given data. Therefore, I further request additional information and guidance on how the EPA associates a Type Case with a matching Law as noted on the EPAâ€™s ICIS FE&C Data Element Dictionary page - and how the EPA makes these associations publicly available for all cases using the data in the ICIS-FE&C or other database(s): â€œVIOLATION_TYPE_CODE - A seven-character field that indicates the enforcement case type. For administrative cases, the Type Case is the section of the statute authorizing the action. For administrative cases, more than one administrative Type Case can be entered. Each Type Case entered must have a matching Law entered. For civil cases, only one Type Case is accepted.â€https://echo epa.gov/tools/data-downloads/icis-fec-download-summary#definitions I request that the Law-Violation matching data be provided in a comma-separated values (CSV) file, and any additional guidance be provided in a Portable Document Format PDF file. Thank you for the consideration of this request. Sincerely, Yihwan Kim	10/5/2018

EPA-R2-2019-000022	Suzanne Carlson	The Virgin Islands Daily News	Good afternoon Ms. Calderon, Thanks so much for responding so promptly, I appreciate it very much. I'm unfamiliar with EPA permitting, particularly when it comes to funeral homes, so I'm unsure exactly which documents to request. But we received information that this particular funeral home recently opened a crematorium without the necessary federal permits - I'm not sure what those permits would be, I assume they would be air-quality related. I apologize I'm not being more helpful or specific... if this gives you some idea of what we're looking for let me know, and I'd be happy to clarify and discuss our request further. Thanks again for your time. -- Sincerely, Suzanne Carlson Reporter for the Virgin Islands Daily News	10/1/2018

EPA-R4-2019-000026	Ms. Kyla Mandel		Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request access to and copies of records held by the Environmental Protection Agency Region 4 office referencing the following terms in relation to Hurricane Florence and the stormâ€™s impacts between September 10, 2018 to date of processing: -â€œcoal ashâ€ -â€œsuperfundâ€ -â€œhog waste lagoonsâ€or variations on this term such as â€œpig waste lagoons,â€â€œhog lagoon,â€â€œpig lagoonâ€or â€œswine lagoonâ€ I would like to receive all information in a digital format (.pdf, .doc, .docx, xls). Please send the correspondence on a rolling basis, and do not wait until all correspondence is compiled to fill the request. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information on the preparedness and response to Hurricane Florence regarding environmental risks posed by the storm such as coal ash that is of current interest to the public because of the ongoing impacts of the storm. This information is being sought on behalf of digital news outlet ThinkProgress for dissemination to the general public. Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to public understanding of government operations and activities. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone, rather than by mail, if you have questions regarding this request. I look forward to your reply within 20 business days, as the statute requires.	10/1/2018

EPA-R2-2019-000175	Chand Zafar		Hi- My name is Chand Zafar and i'm the owner of 19 Henry St, Edison Nj. The EPA has completed the cleanup of lead contamination on my property located at 19 Henry Street, Edison, New Jersey in 2013. EPAâ€™s actions on my property were a result of contamination emanating from the former Caswell, Strauss & Co., Inc. facility. EPA is certifying that areas of your property where lead contamination was identified at concentrations greater than the cleanup criteria were mitigated to meet conditions that are protective of human health. Can you please furnish any and all all documents on whom was held responsible for the contamination? For your purposes, I would request items related to a Potentially Responsible Party (PRP), specifically PRP searches, EPA cost recovery documentation and identification of any PRPs. I would also request a copy of the Final Removal Action Report and any documents pertaining to 19 Henry St. Additonal items, who had paid for any cost that occurred due to the clean up. What extra storage was responsible to fix on their property? what contamination was caused to my property due to extra storage? did they pay for the clean up on my property? what was the penalty to extra storage and what is in place to monitor this does not occur again. Please share any additional information pertaining to this topic obtained via legal search or more. Thanks in advance for the information.	10/1/2018
