David,
After moving some things around, it looks like we can make a call at 130 pm on Thursday, March 15. I think this was the original time that you had suggested. Let us know if that still works. I assume you will send a call-in number.

Michael- That's pushing the date back pretty far, considering it's just for a relatively short call. Any way we could do this next week some time? Thanks. -David

Thanks, David,

I know the rest of that week isn't good for Tom Keefe, but the following week should generally be fine.

Michael- March 19 and 20 do not work for EPA, but we are attempting to identify workable dates shortly thereafter. As soon as we identify some alternatives, we'll let you know. Thanks. -David

David,

Next week isn't good for us, but the afternoon of March 19, or anytime on March 20, should be fine.

Michael- To help us prepare the United States' reply to Global's March 2 settlement offer, we have a couple of questions, mostly technical, that we'd like to discuss. Is the Global team available for a call next week, preferably on Thursday afternoon, starting at 1:30 or thereabouts? Thanks. -David
