We Care Briefing Sheet_for LOOP_updated 101216.doc

Hi Brad,

Per Rich's request –

Even though the focus below is "Air/Waste Management", I have attached a slightly updated version (yellow highlights) for Louisiana Offshore Oil Port (LOOP). In the past, we have typically offered an update to the RA if we believe that the Permittee may attend the event. (LOOP, LLC is a joint venture of Marathon, Valero, and Shell.)

(Isaac is the EPA Permit Writer and identified that initial need at Outfall 004. Silvia has provided guidance and language regarding WET since she joined R6. My role is coordination with LA, as needed; however, Paul Kaspar and Jenniffer Sheppard had extensive coordination efforts on this one.

Please let me know if you need any additional information.

Thanks

K

(Isaac/Silvia – feel free to modify the attached if needed)

I would imagine that they want these hot issues by Tuesday to David Garcia.

Subject: Hot Issues - Baton Rouge, LA

Good afternoon all,

Hope everyone is doing well.

RA Curry is scheduled to be the keynote speaker at the Louisiana Section Air and Waste Management Association Conference in Baton Rouge, LA on October 26.

If your division has any hot issues regarding the Conference and Baton Rouge, please send them to me in the We Care format by **noon on Thursday, October 20th.**

Let me know if you have any questions/concerns, and thanks again for all the help!
