Subject: F.J. Doyle Salvage

Evan:

I don't remember if this was mentioned in the Task Order but my estimate of volumes is as follows:

Total Area including Site Property
Non-TSCA Soils: 4000 tons
TSCA Soils: 2500 tons
Square Footage of Area Excavated (excludes 905 N. Poplar (Site)): 35,000 sq ft
Square Footage of Alleyway: 9700 sq. ft.

905 N. Poplar (Site): 1850 cyd soil/rock – Site needs to be prepped for owner to put a possible concrete parking lot

Thanks
