Subject: DRAFT Mark-up for LOOP Public Notice (PN)
LA0049492 LOOP_DRAFT Mark-up of Public Notice_041414.pdf

Hi,

Please take a look at the attached mark-up.

I made some guesses, but it seems lop-sided with lots of LDEQ stuff, but not much EPA stuff. Please let me know if more should be added to fulfill the federal requirements for PN. For example, should we include any EPA email addresses or faxes? Will this be posted on EPA website? If so, give that info? Will EPA also send notification of final permit decision to applicant? Can folks be added to the EPA mailing list? Etc……

Please provide comments or let me know if nothing further is needed. (Today would be great or asap).

Also, I am curious, I assume EPA & LDEQ will share ALL comments received with each other??? to coordinate???

Thanks

K
