Taylor

Your statements on ASPECT and TAGA are correct. TAGA was schedule to demobilize today. ASPECT will remain until released by the EPA Federal On-Scene Coordinator (FOSC). The two websites are the EPA and State of TX sites for sharing data results and response information.

Thanks

Hi all,
Would you mind reviewing the highlighted language (with the comment bubble) in the attached ITC Fire fact sheet to ensure it is accurate and up to date? OCIR has requested all updated budget fact sheets back by 9am tomorrow. I apologize for the last minute request. Thank you in advance for your help!
