Confidential/Settlement Communication

Frank:

I am following up on your email below. We have submitted a number of nexus packages to EPA for its consideration. Let us know when Region 2 has completed its review of the submittals and is available to meet with us. Please note that I have not copied counsel for Praxair on this email as the parties have submitted separate letters to the Agency on this matter.

We look forward to hearing from you.

Regards,

Bill

Subject: LCP Chemicals, Inc. Superfund Site

Dear Counsel:

We received the letters sent on behalf of your respective clients in response to the EPA-Region 2 request for a good faith offer to finance and perform the remediation of the LCP Chemical site. I think it would be fair to say that EPA-Region 2 is disappointed that it did not receive a single joint offer to conduct the ROD remedy for this Site. The Region is now considering these separate letters and it will be in touch with you in the near future concerning how the Region would like to proceed. Although we may meet with you at a later date, we do not believe that having a meeting on January 23, as proposed, would be beneficial.

Sincerely, Frank Cardiello
Asst. Regional Counsel
USEPA –Region 2
