Subject: stratospheric intrusion workgroup call Tuesday, May 19, 10 am MDT
Attachments: Thunderstorm-mediated Stratospheric Intrusion of Ozone at Surface Sites 051015.pptx

Hi All,

We have a stratospheric intrusion workgroup call scheduled for tomorrow, Tuesday, May 19, 10 am MDT. The call number is:

Conference line: Conference Line/Code / Ex. 6
Pass code: Conference Line/Code / Ex. 6

The agenda includes a presentation from Lesley Ott at the NASA Goddard Space Flight Center and the NASA GMAO model that includes tracers of air that is of stratospheric origin. I'll send an email with the PPT tomorrow. Also, if time permits, Pat will present his analysis of the a thunderstorm SI event, PPT attached.

Many of us were in conference the last two weeks, so we still have not made much progress on the analysis of the June 1-3, 2014 event, but let's check in on plans for that analysis.

Thanks,
Gail
