Will do.

300,000 without water, so it will be a big job, especially for the USACE.

Josie,

I am off today, and will reach out to my supervisor. I am available this weekend, and Monday as well. Tuesday I would need some notice, as I have med surv appt with nurse (not Dr). Wednesday I could help out, but have a public mtg that night at 700. Thursday & Friday are open also.

Since the spill happened/impacted river, I am assuming the Coasties will be involved also.

My cell is 215.498.8486.

Thx

joe
