Diane – you probably have the better overall perspective. I can send the following information to Nancy separately or you can combine with the information you have. Just let me know how you'd like to proceed.

Ex. 5 - Attorney-Client

On the NPDES side, Michele is out. Chad is acting. The NPDES enforcement group is aware and has commenced its investigation, but does not anticipate taking action today.

Hi, region 3 colleagues – if one of you could get back to me or bob brook this afternoon, or have someone else do so, regarding EPA efforts and the status of the West Va. Chemical spill, we'd appreciate it. We need to respond to our managers' requests for information so people can be briefed. Thanks! Nancy
