Also, suggest coordination with OECA, (Steve Chester and OCEFT) and the RCEC in Region 3.

Thank you. And adding R3 ORC. (I must admit that I'm a little leery of attorneys advising folks on how to clean drinking water systems! ☺) The e-mail references an attachment. Could someone please forward that? Thank you.

The attachment is a letter to me from an attorney at DOJ in West Virginia asking for a telephone call with me so he can ask me about things related to the WV spill like monitoring source water, what can be done to make the system "clean," etc. How do you advise me to proceed? I am happy to call either of you on this.

Thanks

Greg

Director Sayles-

I emailed you yesterday, but received a message that the email was delayed. I hope it went through, but in the event it did not, I'm forwarding this letter by email, fax, and U.S. Mail (I thought about sending by Pony Express too). When this makes it to you, please give me a call. Thanks so much.
