Hi Joy,

We can add planned obligations to the existing activities in SEMS. I can't enter the CD and dates in until May. If you would go ahead and put your spending plan together, I can use that to enter.

Thanks
Dianna

HI Dianna –
Attached is the consent decree with Coca Mines for the Nelson Tunnel Site.
I understand you won't have access to SEMS until May, but wanted to get this to you.

There is money that will go directly to the State of Colorado. We will not handle that portion of the money.

EPA shall receive: $5,400,000 for the Nelson Tunnel Site.

I believe this should go into the same special account that we have used for the ASARCO money (08MB). I will not be getting any new ASARCO money and I am able to spend the rest of the money that we have in the account. The new CD with Coca Mines is not restricted to any particular activity.

Spending Plan: I will be creating some new tasks, (interim RD and interim RA). It might be easier to sit down and do this together once you can get into SEMS again. Let me know if you want me to write out something sooner
- Joy
