Subject:	Re: Flaring at Valero Refinery prompts evacuations in Benicia
Date:	Friday, May 05, 2017 8:14:59 AM

We are rolling Maggie to this fire. She lives a few blocks from the scene. The refinery is evacuated and everyone is at a muster point. There are evacuation and shelter in place orders. She'll coordinate with Solano county. Steve is checking in with Contra Costa as smoke is heading in that direction.
