For today's 1 pm discussion among all our Programs.

No, not one page yet… thought I'd attempt that after our 1 pm meeting. Here's the update with the additional info. that came in from HQ from the SFD Programs perspectives (Oil – SPCC/FRP, EPCRA).

We may want to put all of our statutes together for tomorrow (the best we can probably do is one pagers from each statute and then a page on our pending proposed actions to be ready and for enforcement targeting if she wants to direct us that way. But, we'll talk about this in a few minutes!

Eleanor, we might want to bring in Alan Walts from OECA --- his office is our center of multi-media inspections and enforcement. I apologize for not thinking of this and recommending it before now.

Subject: WV Spill -- Premeeting and Briefing

All:

Kasey and I will be at the premeeting today. If each Division could share its briefing document with us prior to the premeeting, we would appreciate the heads up on the issues. It will also allow us to make sure appropriate ORC managers are up to speed on this matter. Thanks.
