Tom's doing some cleanup work on the letter but we are going to need more from the programs, so we'll bounce back to Rick and Jeff.

We don't have to address every topic they list.

This is a broad laundry list that goes beyond worker issues, not what I expected. Couple of these are with other program offices, will need clarity from OCIR on how those get addressed. Also, there are two pesticides mentioned, glyphosate and chlorpyrifos … not really worker issues, perhaps we can address at high level with our press statements.

Here's the committee hearing memo with a lot of the topics we'll want our letter to address.

> Aaron, thank you for the guidance this afternoon. Per our conversation OCSPP will develop a draft letter to the chairman and ranking member of the committee holding the hearing providing EPA's perspective on worker protection issues. We will have this letter to you in draft by the end of the day on Monday. Thank you

Alex, let's discuss today when you have a moment. Looping in Troy as well.

Thanks!
