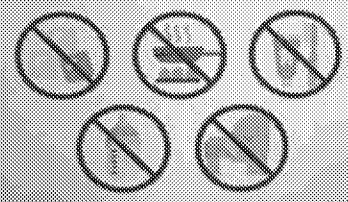
Attention University Park, Green Garden and Monee Township Residents

Elevated levels of lead have been detected in your area.

Until further notification, please take the following precautions:

1. Do not drink tap water
2. Do not prepare formula
3. Do not make ice cubes
4. Do not use tap water for cooking or brushing teeth



You may still use water from the tap to bathe or wash hands.

Aqua Illinois customers' safety is our first priority. We are investigating all potential causes for elevated lead levels and are offering all customers free testing kits and water, and free filtered water.

For more information, please call 877.987.2782. Updates are also available at www.aquaamerica.com/our-states/illinois.

We thank you for your patience during this process.
