Hi Stuart:

Below is a summary of what we discussed during our call last week and follow up action items, plus the December 2010 summary of action items that you may want to share with your managers and staff and solicit their input.
Also, Tina and Hudson will share the Hawaii DOH coordination responsibilities. Sara will continue her excellent work as the Hawaii 106 project officer and the master of the Hawaii grant chart tracking obligations, expenditures and unliquidated balances.

And we have targeted the week of May 10-13, 2011 for our grant negotiations in SF. And our next monthly call is in February 17th at 11:00 am my time (is that 8:00am your time?)

Call me if you need anything from me. And if you have a chance it would be great to see a copy of the letter EPA Hq sent to HDOH and your response.
Thanks,
nw
