Nancy, Charlotte and Erik,

The purpose of Tuesday's meeting is to get your guidance on how you want to go public with EPA's commitments on biotech (e.g., gene editing, American Chestnut).

Ex. 5 Deliberative Process (DP)

I think you are knowledgeable on the gene editing steps we propose to take, but we can cover those again. In addition, we thought we would spend a few minutes on the commitments in the EO as they relate to the Chestnut.

Thanks

bob

Gene Editing/Chestnut Deregulatory Steps

- White House Executive Order on Biotechnology – Mid-October 2018

The EO language states:

Ex. 5 Deliberative Process (DP)

EPA has committed:

1) Genome Edited PIPs Exemption
2) Genome Edited PIPs Expedited Review Process
3) Regulatory Assistance
4) Exemption for Transgenic Blight Resistant American Chestnut Resistant PIP
5) Unified Biotechnology Regulation Website

Upcoming Public Engagements

- 6th Plant Genomics & Gene Editing Congress at a Gene Editing Regulation Panel in Philadelphia, PA on October 1st

- Specialty Crops Regulatory Assistance (SCRA) 'Nuts and Bolts of Biotech Regulations' Workshop for October 3 through 5, 2018 in Riverdale, Maryland
