Please see the email below from the D&D consultant reviewing the Dickson report.

I should have asked for all of these at the outset instead of these multiple requests.

Thanks again.

Subject: *RE: FW: Glen Isle: D&D RFP*

I cannot see the floor data for Dickson. 33 Survey Units (8-1 through

8-33). Do you think it is available...It would be Appendix K. I'd like it,

for while it is true that all survey units passed, there are plenty of

sample points with alpha and/or beta activity above the Unrestricted

Release Criteria.

Thanks,

-
