From: Rusty Harris-Bishop

Hi Lisa! It's Rusty. I'm in Denver but heading to Durango in an hour. Who knew we'd work together again so soon!
Checking with our OSCs to see when we got the San Juan River sampled. I think it was sampled twice pre-impact but will confirm and get locations.

Reschedule 8:30 to 9. So, let's start the CI call now.

To: Alejandro Diaz, From: Yolanda Sanchez, Aug 20, 2015 8:12 pm

Just checked in with Pease. She's doing okay. It'll take her some time. Luckily, she's playing soccer tonight! Take care of yourself.

From Diaz:
Thanks :) Soccer helps a lot!!

To: Yolanda Sanchez, From: Alejandro Diaz, Aug 20, 2015 4:07 pm

Are you ok to make some staffing decisions tomorrow AM? I can also do them now if that works better. David hasn't called for input & Bret agrees with a staffing level at 2 people.

From Sanchez:
Check in with Carlin. She will call Sarah and Kay for any updates. I believe carlin and viola cancelled their trips.

From Diaz:
Nope, I just talked to Carlin, she's on her way & will be taking over CI lead on Sunday.

From Sanchez:
Okay! What can I be helpful with?

To: Alejandro Diaz, From: Yolanda Sanchez, Aug 17, 2015 11:53 am

Where did you fly into.

From Diaz:
Durango Colorado

From Sanchez:
Hotel?

To: Alejandro Diaz, From: Yolanda Sanchez, Aug 15, 2015 3:35 pm

I assume you will take tomorrow off to rest up...

To: Yolanda Sanchez, From: Viola Cooper, Aug 18, 2015 12:58 pm

Yolanda, thx for facilitating the conference call this morning. Though it seemed a bit crazy on the other end. So my trip to Selma tomorrow has been postponed. The other RPM who was going to be our Hindi/Indian translator has come down with Personal Matters/Ex. 6 So I will travel directly from here/Sacramento to Albuquerque on Thursday and leave on Tuesday to fly to LA.

To: Yolanda Sanchez, From: Carlin Hafiz, Aug 23, 2015 8:55 am

Good morning! Please give me a call when you can...thx!

To: Carlin Hafiz, From: Yolanda Sanchez, Aug 20, 2015 8:10 am

Did you talk with anyone on the response yesterday afternoon? Some things happened that you should be aware of before the call.

From Hafiz:
No. Call me

From Hafiz:
Who leads the 8:30 call?

From Sanchez:
Peter Guria with the emergency response team at SF.

I just listen usually

If the call-in number is not working, text Alejandro. They keep changing it.

From Hafiz:
There's only 2 of us on the phone

From Yolanda:
Hmmmmm... Check in with Ale. But, people are usually late.

From Hafiz
Thx

From Sanchez:
Seems free.

From Hafiz:

Steve Austin 8/16/15. What sites are "MB" and " LCS"?
I don't know and I think everyone else is asleep. Will try to find a map
Ok. Those are not names for sites I picked
And LCS is twice our livestock standard for lead
I cannot find those on any map. Will keep looking
Just an odd data set for LCS. Dissolved and total concentrations are nearly identical across the board.
Maybe a spike? Checking with Bret.
I'm thinking something like that. MB is prob method blank. Those are all ND
Bret agrees.
