Air Dist: We need your help to (6)

- Monitors we use = for asbestos.
- We could take action to
- We have to investigate where the monitors are working.
- We need to go thru Case Dvlpmnt.

Marie: In weekends, Bayview = WINDY b/c no one is working

Karen Klein, Dept. of Public Health & Env. Health
- works w/ dept. that granted permission to Lenar to dvlp. homes.

WHAT WE HOPE THE DVLPER WILL DO:
- aesbestos mitigation plan
- dust plan

*dvlper must update plan if they change

- We had 4 agencies present @ meeting re: how do you monitor dust & asbestos control. for example, How are piles wetter & stored?
