Hi Ashley,

I tried calling but your voice mail would not allow a message and states you will return on June 12th.

On my recommendation, I asked Morgan Graham to reach out to Jim Doyle to request/arrange a meeting between the City and EPA to discuss matters relating to EPA approvals and protocols. Jim is extremely busy and suggested I contact you for the best way to proceed. As we get closer to the final stages of our waterfront remediation, and with all the assistance, funding and guidance that EPA has provided , I think it would be crucial and appropriate for the current administration to meet with EPA officials apart from our waterfront meetings which include the redeveloper.

Mayor Spinello, myself and other members of the City's team request a meeting with Walter Mugdan and Judith Enck and/or George Pavlou (both Walter and George have been with this project for a long time). In addition, I would like include Jim Doyle, Doug Garbarini, Sal Badalamenti and yourself. The redevelopers would not be part of this meeting.

Please let me know how to proceed and the best direction to make this happen. We want to forward the redevelopment of the waterfront by the end of 2014 and due to various deadlines would like to schedule a meeting in early July.

Thank you in advance for your time and suggestions.
Best Regards,
Myralee
