...mulative impacts on health caused by
NEAR-THRESHOLD EXCEEDENCES!

(9)

...munity person who lives @ 94121'

- Community Health Cntr. placed RIGHT Next to Sewage Plant
- Why no class-action lawsuit?
- Need full force of residents knocking on doors
- Daughter has [redacted] asthma
- Everyone work together
- Developers are getting the → best of our community, and as far as I'm concerned, we're already dead!
- Human beings come first, not developers!
  - The only thing coming up is buildings & they don't breathe!
  - Young Bayview women with young kids
  - Lexids might die young b/c of dirty air & water
  - Let try to encourage these ppl to care
