Hello everyone,

Here are the draft Bristol Bay communications materials for the final report. There are five items that need review:

1. Key Messages
2. Communications Rollout Plan
3. Press Release
4. FAQs
5. Bristol Bay web content: http://www2.epa.gov/bristolbay

The first four are attached. I would encourage everyone to also review the web content. Please use track changes in the Word documents. **NOTE:** The table in the rollout document is really sensitive, so please use the "insert comment" function in Word to note additions/changes and I can incorporate them.

If we intend to get this assessment out in early January, I'll need time to consolidate all feedback and send around final versions for review. I'd appreciate if everyone could have feedback to me by **COB Dec. 30.**

Thanks in advance for your timely feedback.

Hanady
