Subject:	HPNS Parcel E Draft Final Design Basis Report
Date:	Friday, April 27, 2018 2:33:00 PM

Hi Derek:

Thank you for the opportunity to review the HPNS Parcel E Draft Final Design Basis Report and the associated responses to EPA comments.

In regards to the response to EPA's comment on the inclusion of O&M cost in the Draft Opinion of Probable Construction Cost, although EPA understands the Navy's rational to not include the estimated O&M cost, EPA believes that estimated O&M cost of a project should be included as a part of the remedial action process.

EPA strongly encourages the Navy to include O&M costs in future Parcel E O&M documents and have no further comments.

Thank you.

Judy
