Hi Jennifer – Let me know which of these two providers you think you would like to work with and I'll get this set up for us under a task order with CSRA out of EPA HQ CPRC's office. Thanks! - Maureen

Dear Jennifer and Maureen,

I have attached the responses from Joe McMahon with Collaborative Processes and Jonathan Bartsch with CDR. Please review and let me know how you would like to proceed. If you'd like to speak with either or both of them, I can work with GDIT to set up phone calls.

Best,
Gina
