Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP) For ArcelorMittal, I think I need something added for the next step, unless I overlooked a fitting choice. Here's what's next for that case: review and support of the state's proposed Order in lieu of the one SD had been drafting.

Ray,
Please update Case Status, Next Steps and ORC Assignee for these on SharePoint. Thanks.

Note, please do not create new values in Next Steps. If something that you need is not there, let me know and I'll get it added.
