RE: Annual Hazardous Waste Disposal Report – Export – RY 2016
Century Aluminum Sebree LLC
EPA ID#: KYD058692526
AI No: 1788

To Whom It May Concern:

Enclosed you will find the required annual report summarizing all hazardous waste exported during the previous calendar year for Century Aluminum Sebree LLC. This report covers the 2016 calendar year.

Century Aluminum Sebree LLC follows its Waste Minimization Pollution Prevention Plan. The plan was developed to meet regulatory requirements as set forth in the Pollution Prevention Act of 1990. The Waste Minimization Pollution Prevention Plan indicates that it is the plants goal to reduce waste (both hazardous and non-hazardous) and maintain continuous improvement as an on-going process. Pollution that cannot be prevented or recycled is treated in an environmentally safe manner.

As shown in the Table 1, spent potliner (the hazardous waste exported) generated in 2016 decreased. This volume decrease was due to a change in contract agreement from Clean Harbors to Alcoa Gum Springs. The Gum Springs facility is located in Arkansas, enabling us to no longer export SPL to Canada after the contract end date.

Table 1. Annual Spent Potliner Generation

	Annual Spent Pot Liner Generated (kg)	Federal Waste Code
2016	1,045,105	K088
2015	3,856,211	K088

The toxicity of the spent potliner generated in 2016 was consistent with 2015.
