Thank Ron. For the sake of knowing where to draw boundaries for this presentation (i.e., having an idea of what others will be presenting), when do you think you might have a draft of the agenda. Anything would be helpful.

Best Regards,
Reeder

Good afternoon Reeder,

Both Tamara and Earl agreed to share their recent data with you (all unpublished) for the talk. However, the data they sent me is in a PDF format. Take a look and I will check with them about sending you the power point slides.

For Tamara's studies, a couple of points:
