Specifically, through this submission, we request the following: 1. Records from any meetings (including teleconferences) between the Office of Transportation and Air Quality (including the National Vehicle and Fuel Emissions Laboratory) and representatives of Audi between January 1, 2012 and March 25, 2015 during which the issue of emissions certifications was discussed with respect to the following vehicle test groups ("Meetings"): a. MY2013: DADXT03.03UG b. MY 2014: EADXT03.03UG; EADXJ03.04UG c. MY2015: FVGAT03.0NU3; FVGAJ03.0NU4 2. "Records" means written or electronic documents including emails and memoranda that contain notes of what was discussed at these Meetings, as well as notes made by persons who attended these meetings or teleconferences. 3. With respect to the Meetings, we request that the Agency give priority in its search and production of Records for Meetings that occurred between December 1, 2013 and March 31, 2014. In order to expedite the process of production, we request that Records from this period be produced in a rolling fashion as they are located. We are copying Mr. Byron Bunker on this request as we believe most if not all of the requested documents would be maintained by persons under his direction and management, and by doing so it will be easier for you to find responsive documents an
