**Subject:** RE: Need your input

We provide Tomás with the following hot topic summaries for both (from the attached list) as well as the attached briefing paper for Non-R[redacted]i. Perhaps these could be easily updated.

Non-Responsive [redacted]

**Cargill Saltworks** (Jason Brush/Nancy Woo)**:** Cargill and developer DMB are proposing to develop a 1,436 acre salt production site in Redwood City that was formerly tidal marsh. The "50/50 Balanced Plan" would develop about half the site and utilize half for open space and tidal restoration. EPA has used our CWA authority to "special case" the jurisdictional determination of the site to determine whether, and to what extent it is regulated under the CWA. The Army Corps of Engineers would normally approve jurisdictional determinations, making this an unusual circumstance.

Hi Nancy

It is my recollection that Paul Amato provided briefing papers on Cargil and [redacted] when Tomás started his new position. If additional information is needed, we can provide that to you on Monday morning when folks are in the office.

Thanks, E.

Good Morning,
Liz and the Saltyworks team – can you provide a recent briefing paper (off the shelf) to me with a cc to Jason? I am hoping you can get to me before Monday morning at 9:30. I think both have projects have recent briefing papers but for the saltyworks can you include the B5 Deliberative [redacted]
Thanks,
nw

**Importance:** High

Good morning,

I am scheduled to meet with Shapiro, Grevatt, Best-Wong, and possibly Beauvais next Wednesday. These will be short visits mostly to build relationships but also an opportunity to flag any issues (successes, challenges, and opportunities). I seek your help with the relevant materials I may need for this (hopefully off-the-shelf) and any messages you'd like me to deliver **by cob Monday**. At a minimum I will need a paper on Cargil and [redacted] as B5 Deliberative [redacted]

these. Mike, since Grevatt is interested in the ULO issue, is there more I can say about the upcoming challenge Non-Responsive [redacted] and what we expect to do if that happens. John, I may meet with Shah Surabhi of the Urban Waters program regarding her most recent inquiry (which I forwarded to you) – we can discuss at our 9am.

Thanks

Tomás Torres, Director
