Attachments: JC Hunt Wolf Creek Pass Spill Annual GW Report 2020.pdf

---

Duane,
I hope you had a Happy Thanksgiving holidays and hope that you and your family are avoiding the virus. This is a very strange time we are in.

Attached is the annual report for the annual JC Hunt Groundwater monitoring project up on Wolf Creek Pass. Per previous discussions with Pete Stevenson, we had agreed that once MW-1 was below clean up goals that we would then sample all remaining wells to confirm if the impacts in all wells had attenuated to below cleanup goals. With MW-1 being reported as ND during the most recent sampling, we would like to request authorization to proceed with sampling all wells and hopefully move this site to closure. Please let me know if you would like to discuss the report and our finding or if we can move forward. Thanks.

Scott
