Steve/All:

I just texted the information below to 214 789 1871 and am following it up with an email with the same information. Specifically, the source location is:

- Center of Lowerline Street
- GPS Coordinates
  - 29.961481 -90.110023

Looking forward to hearing from John and Greg later this week.

Greg, John… we talked to Steve just a little while ago… Susan confirmed the two of you are looking into the issue…

Can one of you call Steve tomorrow and update him on the status…

Thanks…

With Regards, Steve

Subject: Ra-226 Source In Louisiana

Steve:

When you have a few minutes, can you please give me a call to discuss the above subject. I am looking for some EPA feedback on options to deal with this matter before I contact an individual who has been in contact with DOE. I can provide the background on this matter as well.

Thanks!
