Subject: Materials for Administrator's Binder Tonight

Administrator Wheeler,

Attached per your July 3 discussion with Matt Leopold, is the latest draft of our response to NGO objections to EPA's 2017 denial of their petition to revoke tolerances for chlorpyrifos.

Please note this version has been vetted with USDOJ, OGC, and OCSPP.

Our response is due under 9th Circuit En Banc panel order on July 18. *As such you have a few days to review this draft and we look forward to your input.*

The delegation for signature is with me – currently the signatory is blank on the document case further discussion on this is desired.

I commend the Office of Pesticide Programs and the Pesticide and Toxics Law Office experts for their amazing help preparing this response.

Regards,

Alexandra Dapolito Dunn, Esq.
