Heather – Kelly clearly has seen these, but I don't know if you have. They were attached to the meeting request. DanO.

Thanks for the heads up...we can touch on this at our next one on one as I expect that will occur likely before you have the meeting. Any sense what they want to meet about or the context? May help me better understand any pertinent pieces to be sure to cover. Have a good weekend. Heather

Heather/Kelly –

Wanted to give you a heads up that we have received a request from the Western Environmental Law Center to meet with Dennis regarding your CAFO general permit. At this point I am more likely to take the meeting at my level. Nothing is on the calendar yet, but I'd guess we'd be looking at something within the next few weeks. Let me know if there are any updates or other info you think we should discuss in advance of this meeting.

Thanks, DanO.
