Class VI UIC Project Information Tracking

This submission is for:

Project ID: R06-LA-0003

Project Name: LGF Columbia

Current Project Phase: Pre-Injection Prior to Construction

General Information

Number of proposed Class VI wells: 3

Brief description of the project: Sequestration of carbon dioxide and other waste gases, if any, produced from the the Louisiana Green Fuels renewable (synthetic) diesel plant and its adjacent power plant ("the facility"), both of which are proposed to be constructed in Caldwell Parish, Louisiana

Underground Injection Control (UIC) Program under Safe Drinking Water Act (SDWA)

Description: UIC activity details

UIC Program under SDWA

Permit ID: UIC Class VI Permit Number: R06-LA-0003

Optional Additional Project Information

Facility and Owner/ Operator Information

Facility name: Louisiana Green Fuels, Port of Columbia Facility

Facility mailing address: 303 Wall St., Caldwell, LA 71418

Facility location: Latitude: 32.188121 Longitude: -92.109861

Up to four Standard Industrial Classification (SIC) codes for the products/services provided by the facility: SIC Code 28

Facility located on Indian lands: No

Facility contact information

Contact person: Bob Meredith, COO

Contact's business phone number: 318 - 649 - 6401

Contact's business email: bobmeredith@strategicbiofuels.net

Operator's name: Strategic Biofuels, LLC

Operator's business address: 303 Wall St. Columbia, LA 71418

Operator's business phone number: 318 - 649 - 6401

Operator's status: Private

Ownership status: Owner

Initial Permit Application

Permit Application Narrative: https://gsdt.pnnl.gov/alfresco/service/velo/getFile/no_wiki/shared/Submissions/R06-LA-0003/Phase1-PreConstruction/ProjInfo-03-15-2023-1942/Strategic_Biofuels_Module_A_Project_Narrative_Files.zip

Proposed project plans, submitted with the Project Plan Submission module:

An Area of Review (AoR) and Corrective Action Plan

A Testing and Monitoring Plan

A Well Plugging Plan

A Post-Injection Site Care (PISC) and Site Closure Plan

An Emergency and Remedial Response Plan

Computational modeling information, submitted with the Area of Review Computational Modeling module

A financial responsibility demonstration, submitted with the Financial Responsibility Demonstration module

A proposed pre-operational logging and testing program, submitted with the Pre-Operational Testing module

Other Required Information: https://gsdt.pnnl.gov/alfresco/service/velo/getFile/no_wiki/shared/Submissions/R06-LA-0003/Phase1-PreConstruction/ProjInfo-03-15-2023-1942/A.1_Primacy--Req--Data.pdf
