Class VI UIC Project Information Tracking

This submission is for:

Project ID: R06-LA-0019

Project Name: LA CCS

Current Project Phase: Pre-Injection Prior to Construction

General Information

Number of proposed Class VI wells: 1

Brief description of the project: DT Midstream Holdings, LLC (DTM) plans to develop a CO2 geologic sequestration site in Sabine Parish, Louisiana. For more information on the project please see the Project Narrative Uploaded to the CBI folder.

Underground Injection Control (UIC) Program under Safe Drinking Water Act (SDWA)

Description: Class VI Injection well Permits

Optional Additional Project Information

Facility and Owner/ Operator Information

Facility name: DTM Storage Site (DTMSS)

Facility mailing address: 500 Woodward Ave Suite 2900, Detroit, MI 48226

Facility location: Latitude: 0 Longitude: 0

Up to four Standard Industrial Classification (SIC) codes for the products/services provided by the facility: XXX

Facility located on Indian lands: No

Facility contact information

Contact person: Katherine Panczak

Contact's business phone number: 734 - 776 - 4568

Contact's business email: katherine.panczak@dtmidstream.com

Operator's name: DT Midstream Holdings, LLC (DTM)

Operator's business address: 500 Woodward Ave Suite 2900, Detroit, MI 48226

Operator's business phone number: 734 - 776 - 4568

Operator's status: Private

Ownership status: Owner

Initial Permit Application

Permit Application Narrative: https://gsdt.pnnl.gov/alfresco/service/velo/getFile/no_wiki/shared/Submissions/R06-LA-0019/Phase1-PreConstruction/ProjInfo-11-22-2022-1344/1_LACCS_Project--Narrative--1--_redacted_Redacted.pdf

Proposed project plans, submitted with the Project Plan Submission module:

An Area of Review (AoR) and Corrective Action Plan

A Testing and Monitoring Plan

A Well Plugging Plan

A Post-Injection Site Care (PISC) and Site Closure Plan

An Emergency and Remedial Response Plan

Computational modeling information, submitted with the Area of Review Computational Modeling module

A financial responsibility demonstration, submitted with the Financial Responsibility Demonstration module

A proposed pre-operational logging and testing program, submitted with the Pre-Operational Testing module

Other Required Information: https://gsdt.pnnl.gov/alfresco/service/velo/getFile/no_wiki/shared/Submissions/R06-LA-0019/Phase1-PreConstruction/ProjInfo-11-22-2022-1344/4_LACCS_Well--Construction--Plan_Redacted.pdf
