Importance:	High

Good morning:

Contract charge code FG007.4.022.001 (labor & search-related ODCs only—no retrieval).

Update literature search request for soil and dust ingestion rate with the following limits:

- Limit the search to an update from July 1, 2000-present
- Limit the search to published, peer-reviewed literature
- Limit the search to English language only

Please provide raw search produce in EndNote format and send to me and Joanne White.

Can I have this by COB Wednesday (7/2)?

Feel free to contact me with any questions, comments, or concerns.

Thanks!

Mark
