Subject: G7 EMM Final Documents

Hi All,

Below is the SharePoint link to the final documents for the G7 Environment Ministers Book. There are 49 files, plus the bilateral memos. You may only be able to view 30 file names at a time and have to go to the second page to see the rest. The bilateral papers are inside the Bilateral Meetings folder- because many are not scheduled left we left them in their own folder. All of the other documents are numbered according to the table of contents.

Ex. 6

I've also attached copies of the documents for your reference. Please e-mail me directly if you have problems accessing the documents on SharePoint.
