Subject: RE: OOOOa Annual Report Question

Hi Deborah,

You're correct – the OOOOa annual report template in CEDRI is not final, and therefore the 90 day clock has not started. You do not need to re-file in CEDRI for this year's annual report, and we will update our website once the final CEDRI template is available.

https://www.epa.gov/controlling-air-pollution-oil-and-natural-gas-industry

Thanks,
Lisa

Subject: OOOOa Annual Report Question

Ms. Thompson,
Since the reporting template for OOOOa did not come out 90 days prior to the October 31, 2017 deadline, we filed our clients' OOOOa reports by hard copy to the appropriate EPA or state office. A client told me that someone told them that the OOOOa reports filed in October, 2017 now have to be re-filed through CEDRI by February 9, 2018. Is this true? My understanding is that we have to begin using the system for the October, 2018 filing.

Thank you,
Deborah Hawthorne
